June Incidents, Activities & Events

June 12, Weather Event

- C-Shift responded to more than 50 calls of downed trees and power lines during the two-hour weather event
- 7 houses had downed trees in or on them
- 3 people were transported to Platte Valley Medical Center

June 19, Structure Fire

- C-Shift responded to a working fire in the basement and attic space
- Crews did a search of the house and it was clear
- The basement fire was extinguished quickly and firefighters put out the attic fire
- The family was out of town at the time of the fire and they were displaced from the residence

June 21, Structure Fire

- A-Shift responded to the 500 block of Bromley Ln. on a structure fire at the Seventh Adventist Church
- Vegetation around the building was heavily involved and had extended to the attic space of the structure
- Fire was determined to have started outside, spreading to the roof of the structure
- Cause remains undetermined

June 22, Structure Fire

- A-Shift responded to the 900 block of Penstemon Dr. on a structure fire
- Crews found a fire inside the garage
- Fire was contained to the garage with no extension into the primary residence
- Fire was determined to be accidental caused by a short in a battery that was being stored in the garage

June Incidents by Fire Response

Station 51: 148

Station 54: 33

Station 52: 259

Station 55: 40

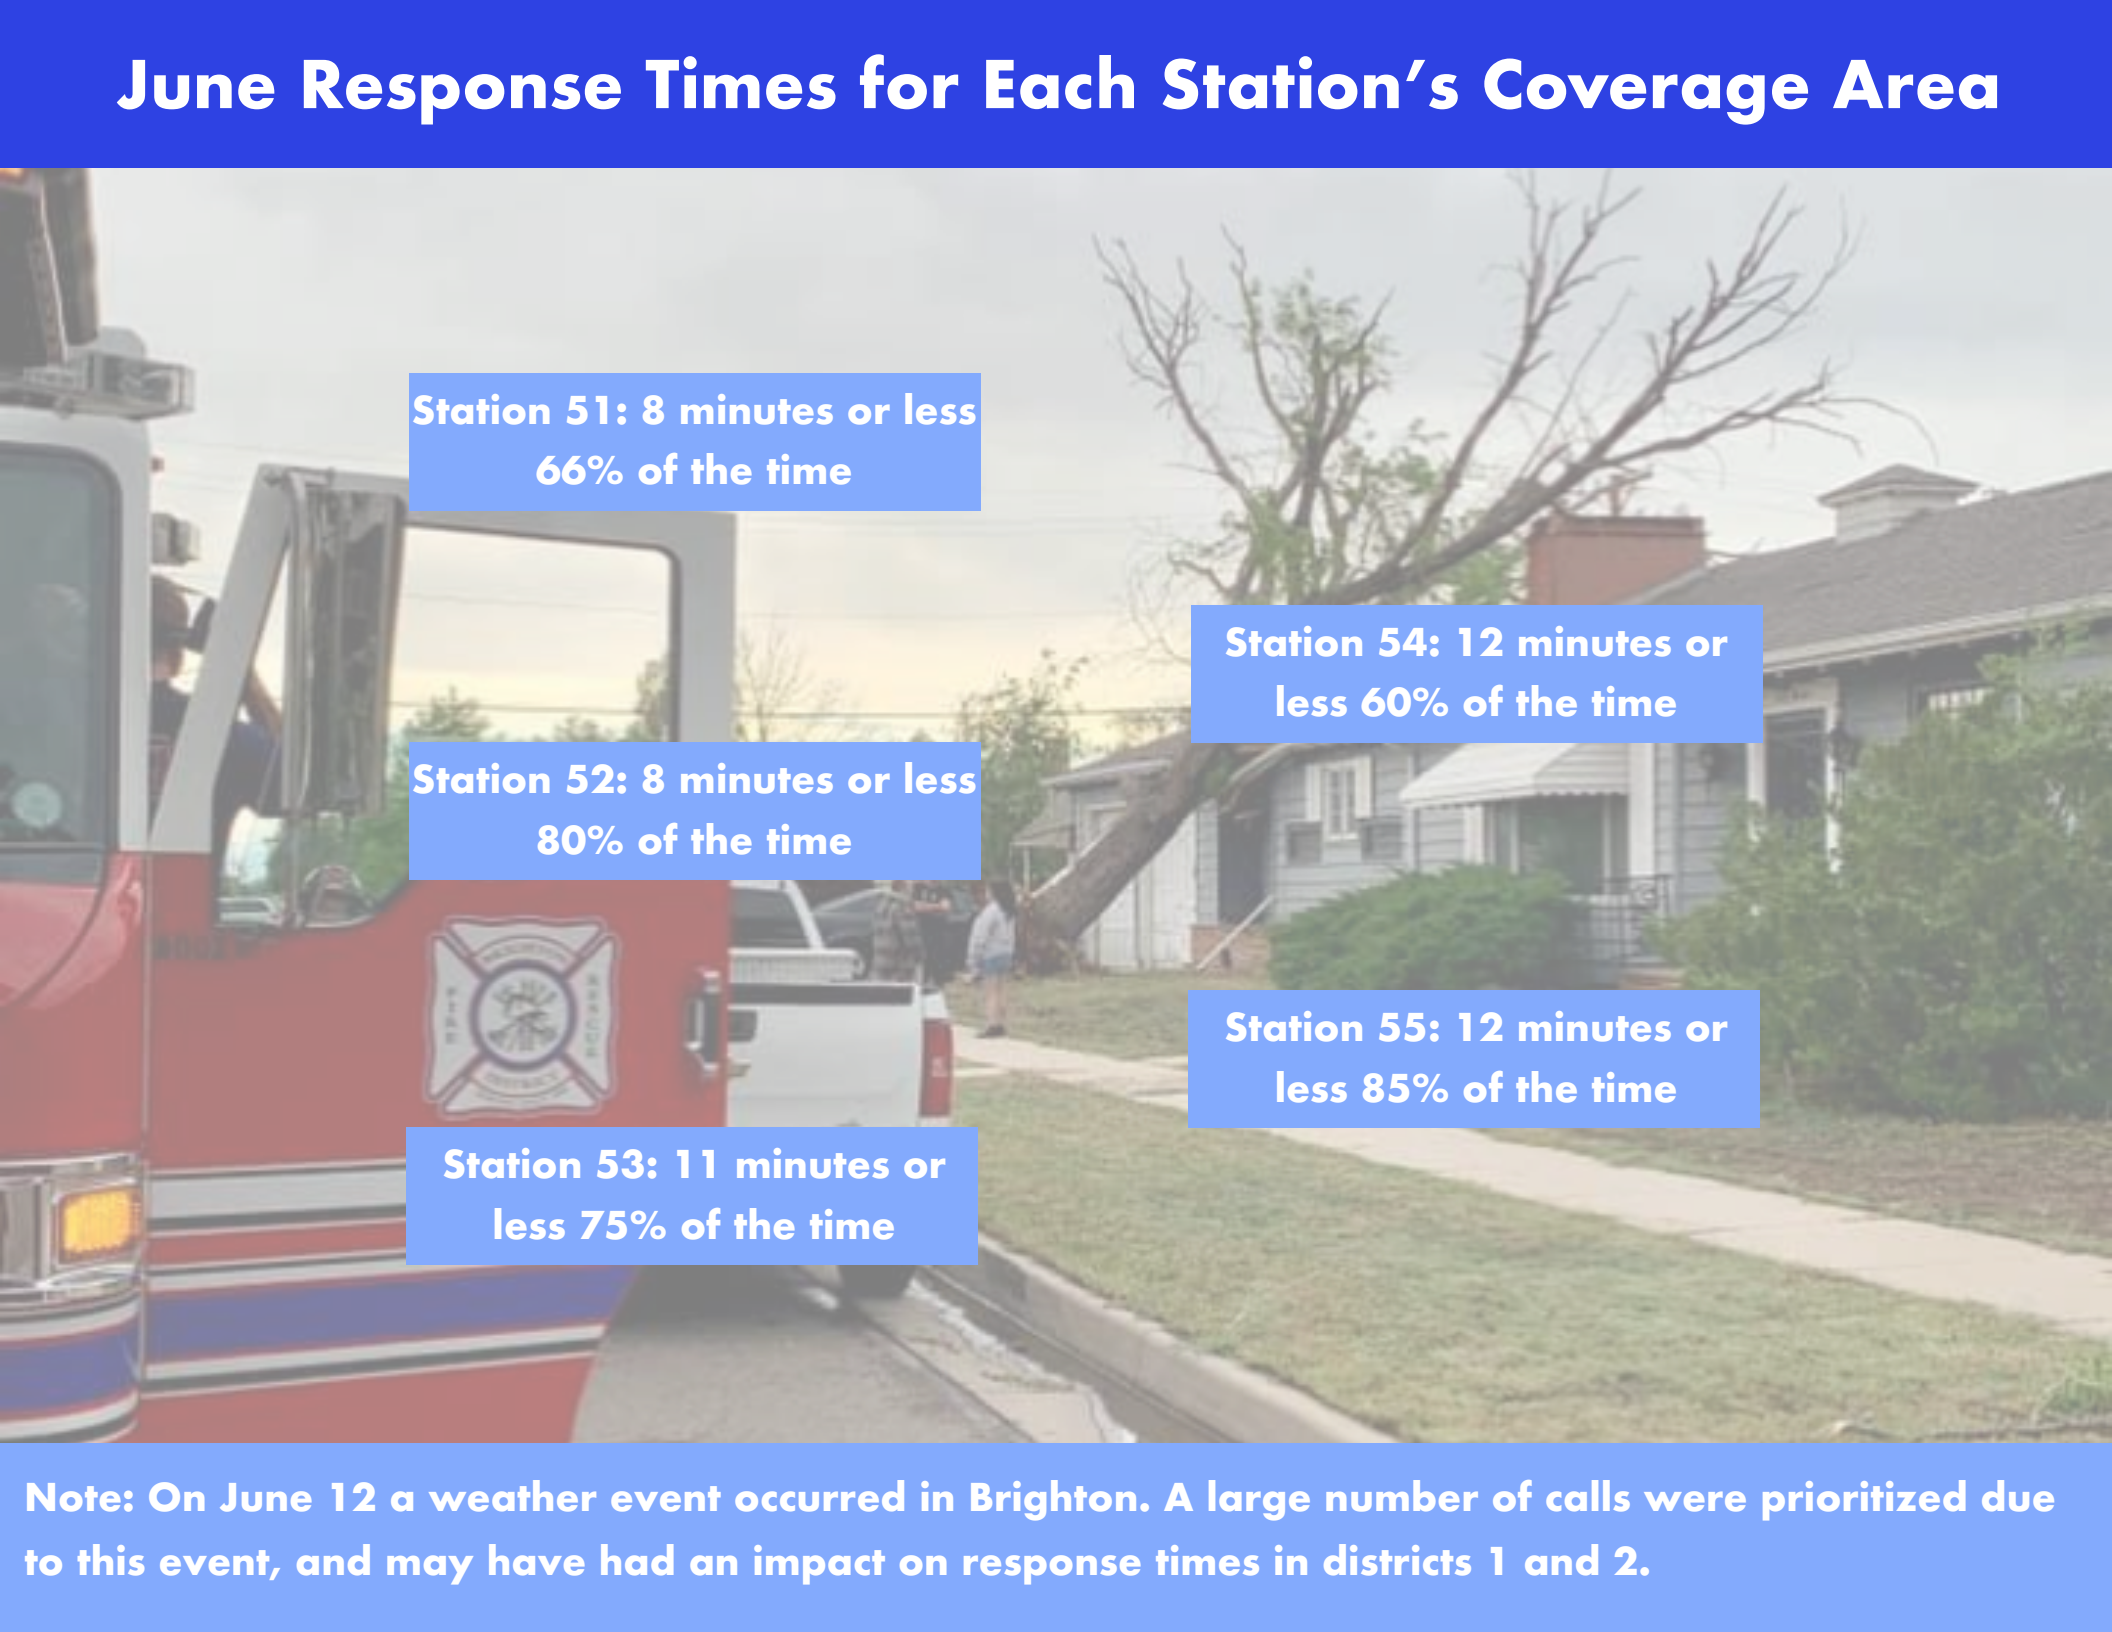

Station 53: 73

Mutual Aid/Auto Aid - Given/Received

Agency	Automatic aid given	Automatic aid received	Mutual aid given	Mutual aid received	Grand Total
Adams County Fire	0	0	0	0	0
Bennett Fire	0	0	2	0	2
Ft. Lupton Fire	0	0	0	0	0
Hudson Fire	1	4	0	0	5
Northglenn Ambulance	0	6	0	0	6
North Metro Fire	2	0	0	0	2
South Adams Fire	20	28	0	0	48
Southeast Weld Fire	0	1	2	1	4
Thornton Fire	1	3	0	0	4
Grand Total	24	42	4	1	71

Note: Some calls for service may have more than one agency that provided automatic or mutual aid

June Response Times for Each Station's Coverage Area

**Station 51: 8 minutes or less
66% of the time**

**Station 52: 8 minutes or less
80% of the time**

**Station 53: 11 minutes or
less 75% of the time**

**Station 54: 12 minutes or
less 60% of the time**

**Station 55: 12 minutes or
less 85% of the time**

Note: On June 12 a weather event occurred in Brighton. A large number of calls were prioritized due to this event, and may have had an impact on response times in districts 1 and 2.

Training & Special Operations

Aggregate Training Hours:

759

Company Training: 444

EMS: 79

Fire Officer: 7

Driver/Operator: 0

Facility (Burn Tower): 0

Hazardous Materials: 4

Special Operations: 226

Administration: 1

Training Focus

- Swift Water Rescue
- EMS training: COVID-19 Data
- X-3 air pack

This was above and beyond the normal crew training and probationary firefighter training taking place throughout the month of June. Therefore, we noticed a **14% increase** in total training hours recorded over the previous month.

Vehicle & Facility Maintenance

Fleet Activities

- Tower 51
 - Top radiator hose ruptured, replaced the hose and topped off with coolant.
 - Turbo boot on right side blew out, causing a loss of power. Installed a new one
- Engine 51
 - Installed new steer tires
 - Detroit diesel had a new update for the emission system (completed)
- Engine 52
 - AC not working, found a leak at the hose to the compressor. Evacuate the system and repaired the hose. Recharge and test.
- Engine 53
 - Check engine light, after scanning I found that the turbo actuator was sticking. Ran a few tests and recalibrated, issue did not reoccur
 - Rear roll up door handle does not latch, springs are broken, ordered a new section and installed.
 - E-Lights are difficult to turn on and off from the vista screen, "key pads" are old and worn. Removed the vista screen and installed new pads.
- Boat 53
 - Boat had a check engine light, indicating overheating. Bad water pump installed a new impeller and tested.
- Trk 52
 - Removed the SCBA storage for modifications
 - Replaced pump transmission seal (leaking)
 - Replaced aerial water way valve
 - Installed all new drive tires
- BC 51
 - A/C not working, found that the AC condenser was cracked. Installed a new one

Facility Activities

- Station 51
 - Empty shell
- Station 54
 - Rood had a small leak coming from a vent pipe thru the roof. Resealed the flashing
 - Bay door for brush truck was not working, motor was stuck from opening to far. Lt. Griffith was able to get the motor to release. We adjusted the door after.
- Station 55
 - Roof damaged in the last 2 windstorms we had. After inspection we noticed several sections of roofing was loose. I notified the contractor who installed it back in 2010 to see what the issue is. Certainteed shingle had an issue with their adhesive on that shingle back then, they are now working with us to help get it repaired thru the contractor.
- Fleet Building
- Training Building
 - A/C quit working, condenser fan motor had a short and was tripping the breaker

Project Status Update

- Old Engine/Brush 54 sold and went to Oak Creek fire dept. near steamboat, co.
- New vehicle purchase, (special operations) 2020 Chevy 3500, decaled and in service.
- We are ready to sell the 1991 rescue
- Vehicle registration almost complete. (mail in)
