

6. What is the rule for fitting your helmet to your head that will help you remember how to do it each time?

7. Name the parts of the brain that were discussed in the first brain video.

8. Besides a helmet, what is another important rule on clothing when riding a bike?

9. Name one thing you learned about your brain during the brain activities.

10. Why should we always wear a properly fitted helmet when riding a bike or scooter, skiing, etc.?
